

REMARKS

This Amendment is filed in order to correct formal matters. The Amendment is needed for proper protection of the invention and requires no substantial amount of additional work on the part of the Examiner. In particular, the amendments made to claims 4 and 21 were incorrectly indicated as being made to claim 1 on page 2 of the Notice of Allowance under Examiner's Amendment. As indicated above, the amendments to claim 4, line 3 and claim 21, line 3 are now correctly indicated above. Applicant respectfully requests the Examiner approves the correction.

Thus it now appears that the application is in condition for a consideration and allowance. Consideration and allowance at an early date are respectfully requested.

CONCLUSION

If for any reason the Examiner feels that the application is not now in condition for allowance, the Examiner is requested to contact, by telephone, the Applicant's undersigned attorney at the indicated telephone number to arrange for an interview to expedite the disposition of this case.

In the event that this paper is not timely filed within the currently set shortened statutory period, Applicant respectfully petitions for an appropriate extension of time. The fees for such extension of time may be charged to Deposit Account No. 50-0320.

In the event that any additional fees are due with this paper, please charge to our Deposit Account No. 50-0320.

Respectfully submitted,
